

OCTOBER NEWSLETTER 2025

Calvary greetings to all our dear Partners, Sponsors and Well-wishers of Blessed Hope Champions Home and Academy.

We would like to convey our heartfelt gratitude for your unwavering support and partnership. EBENEZAR!

2026 is round the corner, together we have achieved a lot. We are confident that with your continuous support and partnership we shall achieve much more as well make a great difference.

We strive towards the end, so we humbly request your prayers and financial support so that our dreams come to pass.

Still taking care of over one thousand champions+ (orphans). Where we: Accommodate, Disciple , Feeding them three meals a day, Give medical assistance plus attending classroom lessons... all this aimed at creating an opportunity for them to see their Godly intended future.

This is an opportune time for God to continue working with you, through you and for you.

May the good Lord bless you abundantly.

Pastor Joel and Sarah Bukenya

The struggle continues as we witness changes in people's lives

ACHIEVEMENTS

1-Blessed Hope Champions Academy (primary school)

We participated in regional interschool games competition, blessed hope Academy ranked among the best schools both in athletics and best in academic performance nationwide.

2- Blessed Hope High School

The high school also excelled in the last national exams; still, we request your prayers as the champions get ready for the upcoming national exams both at all levels (Primary level, -ordinary and advanced level

Several champions were enrolled in various universities and tertiary Institutions pursuing different courses in various professions.

3-Under vocational training:

Champions are trained in various skills like.

- Electrical installation.
- Tailoring

Discipleship sessions are conducted regularly at our prayer gardens. Ever receiving positive changes both morally and spiritually among the champions

4- Clinic

The clinic has offered tremendous health services/support to all the champions and the community at large.

5- Farming/ Animal husbandry

We have more than fifty acres of corn fields,

grown also sweet potatoes and beans. This has helped to cut down on the feeding costs, and we are working towards becoming self-sufficient in terms of feeding though we are halfway the journey. Still in need of more land.

We also have some Cattle, pigs and chicken projects.

Notably the champions who went through our system are now working and self-sufficient. Some have chosen to come back to serve and give back to their comrades....

PRAYER REQUESTS

- 1- Need for more land for farming (\$1300 per acre)

2- High School teachers' salaries

3- More equipment for the vocational training

4- Farm trailer (for the tractor)

5- School minibus

6- Restocking of the drugs in the clinic

7- Ten computers for the computer lab

8- Funding champions at university which requires tuition of \$ 2500 per year for a champion. A total of ten are now enrolled, where Three champions are catered, we pray for the 7 champions to be catered as well
