BLESSED HOPE CHAMPIONS- Giving Hope. Transforming Lives. Building the Future

SEPTEMBER 2026 NEWSLETTER

Dear Friends, Donors, and Partners,

Warm greetings from Blessed Hope Champions in Uganda.

We are grateful to God for every person, church, organization, and donor who has partnered with us in caring for children, empowering young people, and transforming communities.

OUR HEART AND VISION
Our priority is simple:

God in our **HEARTS**,
Enough Education in our **HEADS**,
Working hard with our **HANDS**,
Money in our **POCKETS**.

We believe that true transformation involves the whole person—spiritual growth, education, practical skills, hard work, and the ability to become self-reliant.

CARING FOR MORE THAN 1,000 ORPHANS

Blessed Hope currently operates across four campuses and cares for more than 1,000 Champions (orphans) and vulnerable children. We provide education, food, healthcare, and other basic needs for children from kindergarten through university.

Feeding more than 1,000 children every day is a significant challenge. We therefore have an urgent need for additional land where we can grow more food for the champions.

By investing in agricultural land, we can increase our ability to provide food for the champions while developing a more sustainable source of support for the ministry.

FROM KINDERGARTEN TO UNIVERSITY
We believe every child deserves the opportunity to discover their potential and receive an education that can open doors for their future
Our educational program follows children throughout their academic journey—from kindergarten all the way through university
You can make a lasting difference by sponsoring a champion at university

OUR MEDICAL CLINIC

Blessed Hope operates a medical clinic serving both the champions in our care and neighboring communities.

The clinic plays an important role in providing healthcare to children and families around us
Your donation can help us respond to healthcare needs among the children and surrounding communities

COMMUNITY TRANSFORMATION THROUGH SKILLS TRAINING

Blessed Hope is committed not only to caring for children but also to transforming communities.

One of our programs focuses on young girls who have dropped out of school and need an opportunity to develop practical skills and become self-reliant.

Through an intensive eight-month skills-training program, young women are trained in areas such as:

- Cosmetology
- Tailoring
- **Other practical income-generating skills**

At the completion of the training, participants are awarded a start-up kit to help them begin using their skills to earn a living.

YOUR PARTNERSHIP MATTERS

There are many ways you can partner with Blessed Hope Champions:

$100 — Empower a Youth
Provide a start-up kit to help a trained young person begin working toward self-reliance.
$150 per month, sponsor a University Champion
Help a young person continue their education through university.

$ 5000 Support the Medical Clinic
Help us purchase urgently needed medicines, drugs, and medical

JOIN US IN TRANSFORMING LIVES
The needs are great, but so is the opportunity.

Every child educated, every meal provided, every patient treated, every young person trained, and every entrepreneur equipped represents another life touched by hope.

Together, we can raise a generation that is spiritually grounded, educated, skilled, hardworking, and capable of transforming their communities.

OUR JOURNEY — A Testimony of Hope and Gratitude

Aron's Testimony

My name is Aron, and I am grateful to God for bringing me this far. I am currently in my final year at Makerere University, pursuing Education.

When I look back at where I started, I realize that I could not have reached this point without the support, prayers, love, and generosity of people who believed in me. Your support has given me an opportunity to study, grow, and prepare for a future where I can also make a difference in the lives of others.

To all the donors and friends who have supported me, thank you. You did more than provide financial support—you invested in my future and gave me hope. I pray that God will richly bless you for everything you have done for me.

BETTY'S TESTIMONY

My name is Betty, and I am also in my final year of studies, pursuing Nursing becoming a midwife

My journey has been a testimony of God's faithfulness and the kindness of people who chose to stand with me. There have been challenges along the way, but the support I received encouraged me to keep going.

Thank you for investing in us. Thank you for believing in us. Thank you for helping us reach this far.

May God bless you and your families abundantly.

With love and gratitude,

Aron and Betty
