

Calvary greetings from I, Sarah my wife and champions' family at large

We extend our vote of thank to all our esteemed friends and well-wishers for your continued support both prayerfully and financially, you are the reason that we have reach this far and proudly say that "together continuing making champions for Christ"

Psalmist said "one chases a thousand and two chases ten thousand", this milestone is enormous seeing many champions achieving their dreams. This is attributed to the teaching staff, school management, friends, donors and well-wishers so we pray that GOD richly bless you a million times

PRAISE REPORT

Academic wise all champions progressed with good grades to other grades. Promotional exams were done national wide at seventh grade, eleventh grade and thirteenth grade so we expects better grades. 5 champions finished their professional course as teachers as well as school administrators and expected to graduate this year. More than 12 champions are enrolled at different colleges and universities for various professional indeed we need much of your prayers for their supports

Feeding over 1000+ champions has been a challenge most especially in long drought season. But still our kids have fed 3 meals a day with Posho, sweet potatoes, rice, cassava, beans served with beef and chicken occasionally. Champions faced a few serious cases like, malaria, ulcers and several fevers. But our devoted health personnel worked tireless to cub these cases down

Several evangelism outreach have been conducted across the country, meetings like marrieds meeting, men only seminars, youth camps, evangelism in prisons and market place. Still Several churches have been started, translated bible were distributed among different tribes, live radio and television broadcast, giving out bible literature plus pastors bible training. We thank God that more souls harvested in the kingdom, strong marriage reunion, parents /children relationship and strong churches

ACHIEVEMENTS

We thank our dear friends who supported towards a stand by generators has helped us very much most especially during periods of load shedding as well water irrigation pumps to help during drought seasons.

Over 25 young women graduated specialized in tailoring skills, certificates accompanied with a sewing machine as support for self-reliance

Renovation of old buildings to meet the education standards as per requirement from ministry of education

Champions won Sports Trophy at both local and regional during different tournaments
Widow program were over 15 widows are supported with home occasionally

Prayer requests

Drilling of borehole costing \$ 8000

Need of mosquitoes nets, Beds, Mattress, uniforms, blankets, uniforms and bed-sheets costing \$ 4800

Need to secure more land for champions food

Construction of new classroom block, teachers units and sleeping/dometry buildings to accommodate the champions need. Worthy
